Dear Kindergarten families,

We are pleased to announce that we will be adding an additional Tuesday/Thursday kindergarten class. Our class sizes will change from 24 students to a more optimal student number of around 16 students per class. We will be hiring a new teacher in the next few weeks.

This great news does bring change that can be difficult however, the smaller learning environment will provide greater opportunities for your child to learn. To redistribute our kindergarten students, we worked together to build classes with great care and thought. It is our goal to find the best balance within each class group to help ensure that each child has the most successful year possible.

All the parents that have been directly affected by the changing classrooms have been contacted by administration and informed of the changes. If you were not contacted your child will remain in their current classroom. With your encouragement and support, our kindergarten students will flourish in this new environment.

The new class will begin on Tuesday October 15th, 2024. Thank you for your support and understanding.

Yours in Education,

A handwritten signature in blue ink that reads "Teri Smith".
