Areas of success

Highlights

- We are proud of our results over the past year. We believe that the creation of our Vision, Mission and Values including students, families and staff has led to a understanding of Park Meadow's commitment to student learning.
- We had an increase in student learning and maintained Citizenship, Education Equality and Access to Supports. Maintained results in all three areas.

Areas for growth

Challenges

- Park Meadows continues to prioritize increasing student and community engagement focused on student learning. We are pleased with our improvement in the past year and want to continue to build upon it. This will support our growth in many areas that have been challenging for the students, staff and community over the past few years.
- One area to specifically target is parent involvement as it is a area of concern. While covid changed parent involvement, we need to focus on getting more involvement back into the school.
- Another area requiring attention is the decline in safe and welcoming domain. We are increasing student awareness of actions consistent with our PRIDE values, through a new initiative that includes written post cards orally shared with the student body on school announcements.

Evaluation

We continue to succeed in student citizenship and will continue to strive for excellence.

A few statements about what the school will be doing to develop citizenship.

- *We continue to work on our new values around how we take P.R.I.D.E. in our school and the implementation of our new values.*
 - * *Positivity:* We choose to be grateful
 - * *Respect:* We value the worth and perspective of others
 - * *Independence:* We recognize our strengths and advocate for our needs
 - * *Determination:* We believe in our abilities and take risks to learn
 - * *Empathy:* We show kindness by caring about others feelings
- We have implemented the Second Step program for K-5 students, which is designed to teach social-emotional and executive functioning skills which will help our students be successful members of our school community.
- Our grade 5 students have the opportunity to be part of our nutrition program as leaders in the school. In addition, all grades have the opportunity to take leadership roles in running school assemblies.
- Our teacher-counsellor and student support worker provide universal, targeted and individualized programming based on student needs.
- The school leadership team uses restorative and proactive practices to support all students. We also spend time in classrooms to engage with students, observe teaching and learning practices and build positive relationships.
