As a school community we continue to be responsive to a variety of factors that impact our organizational structures and planning including things like the evolution of enrollment numbers, student needs, budgetary constraints as well as ongoing developments in evaluation practices and curriculum. At the heart of our decision-making process, we continue to hold the best interests of students and their access to quality learning. As we move forward into next year, there will some staff changes at various grade levels. We trust in the abilities of our teachers to provide thoughtful and engaging access to curriculum and supports. As we endeavour to create balanced classrooms that support all learners, you will note that we have carried on a commitment to looping where possible as well as continued with the practice of split grade classrooms. Through collaborative processes, we continue to make placement decisions that reflect what is best for individual students academically, socially, and emotionally while at the same time being responsive to considerations listed above.

Feeling Sick?

If your child is sick, please do not send them to school. Staying home when sick is one of the best ways we can protect our school community.

Dress for the Weather

Please make sure your child is dressed for the weather. Raincoat, jacket, sunscreen, water bottle (labelled).

MEDICAL FORMS

If your child has a medical condition that we need to know about, please make sure that the office has up to date information and the proper forms.
