This fall, our school is excited to welcome nursing students from the University of Lethbridge. As part of their community health placement, the students will be learning alongside us and supporting healthy living initiatives within our school. The students will be coming by the school every Monday and Tuesday until December 9. They may be seen in classrooms, during activities, and around the school, working with staff and students to promote wellness, safety, and positive health habits. Please join us in making them feel welcome in our school community!
